

Sep Notes 2026

We had a great start of the new academic year in Aug.

Transitions, self-care, classroom routine and safety guidelines are some of the things we learned in past few weeks. We will continue to guide children in practicing Grace and Courtesy, which is the physical awareness of self and the surroundings. It also refers to social manners, respect and kindness toward others.

Each month we study a new subject. In Aug, we started with Apples and will continue studying Life Cycle of an Apple, apple crafts, etc. followed by 'Our Body and the Five Senses'. Parents are encouraged to share books related to the topic of the month.

Children have been sharing wonderful Show and Tell items in our class.

They love to share meaningful items with others and express their personal interests through verbal description.

Last week we went on our first Nature Walk. It was a fabulous day and a very enjoyable walk. We explored the side walk and the trees around our campus.

Every year we visit Curtis Orchard in Fall and pick pumpkins for the class and for each child. This year the field trip is scheduled for Wed, Oct 7. More information will follow closer to the scheduled date.

Also, International Peace Day is celebrated at our school on Sep 21. We will gather in the circle drive and will sing and dance as a whole school.

Below are some photos of our class activities. Children who are listed as NO-photo will not be featured in the newsletter or on social media.
